

EYES ON THE PRIZE

BUILDING & STEERING YOUR TEAM TOWARD PROJECT
SUCCESS

Relationships drive success

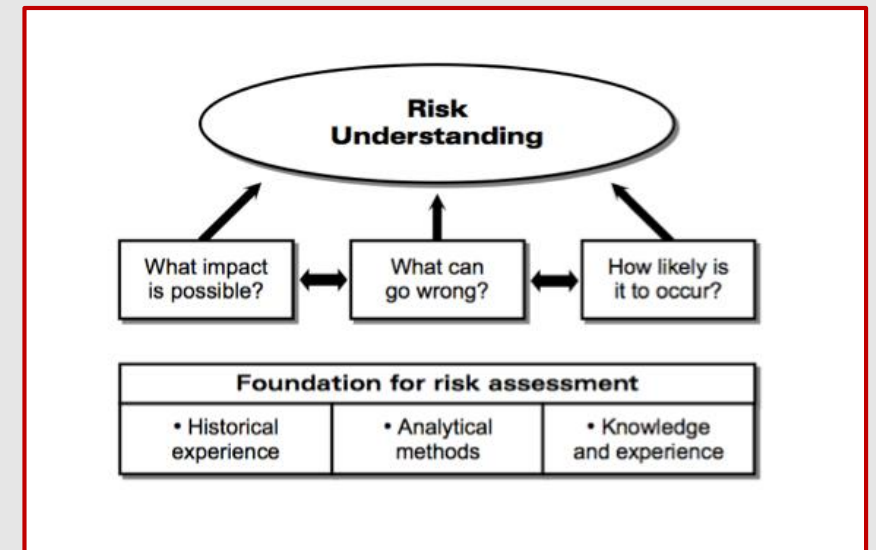

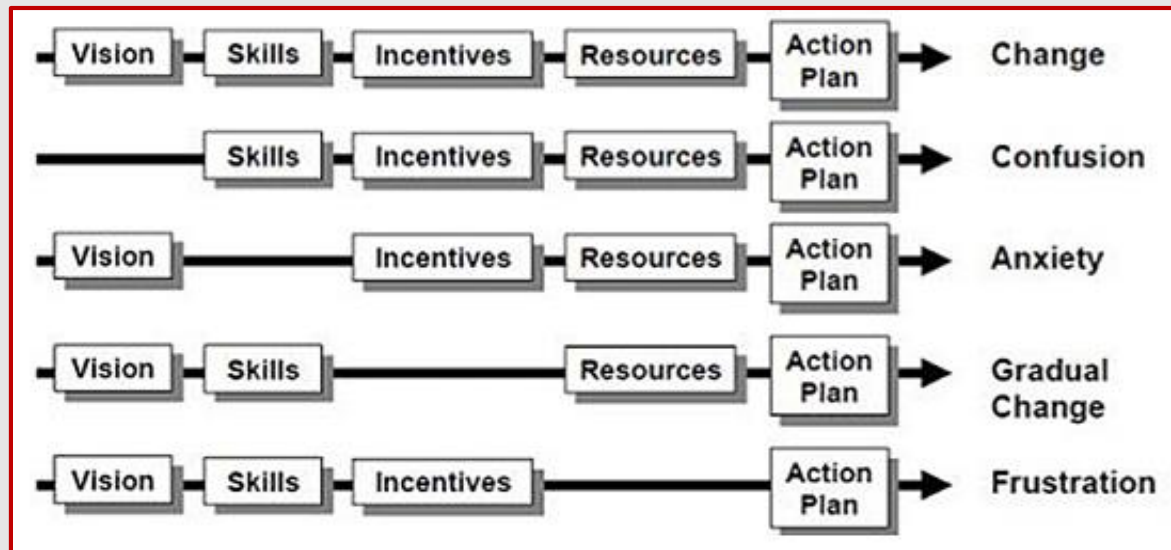

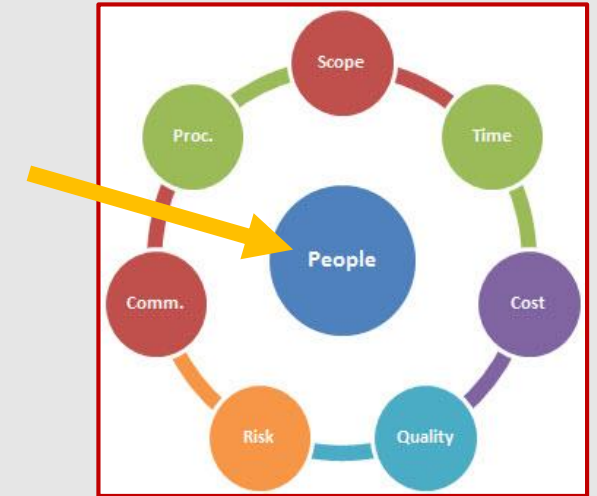

- **Identify Stakeholders**
 - Find the hidden stakeholders – never stop looking!
 - Know who is on the bus and who needs help
 - Remember that the end users are stakeholders too
- **Identify Team & Build It**
 - Get the right people on board early
 - More than just the 'IT experts' (Purchasing, Finance, Cybersecurity...)
 - Know your team and what excites them
 - Build trust! Communicate with them more than you think is necessary!
- **Communications**
 - Key to a successful project
 - Plan to spend up to 80% of your time on this one activity
- **Success**
 - The real 'prize' is the value you derive from doing the project
 - Success is dynamic, slippery and needs to be reviewed often

Managing Change & Risk

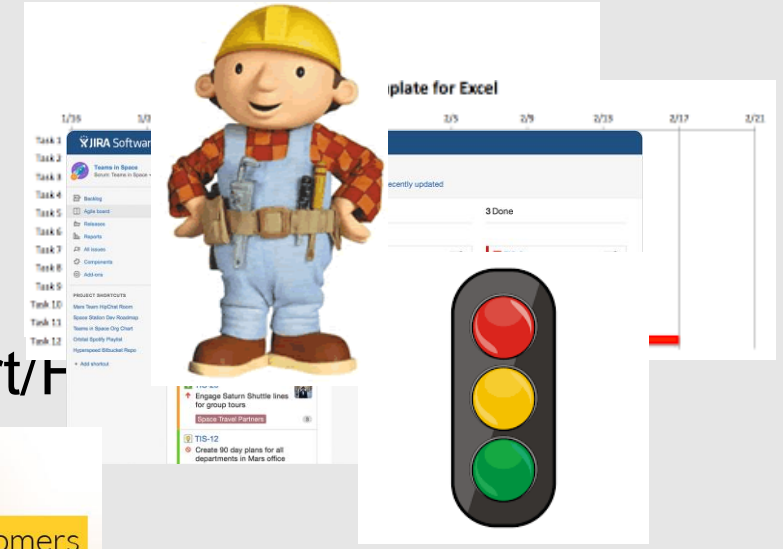

- Change management
- People
- Preparation
- Success

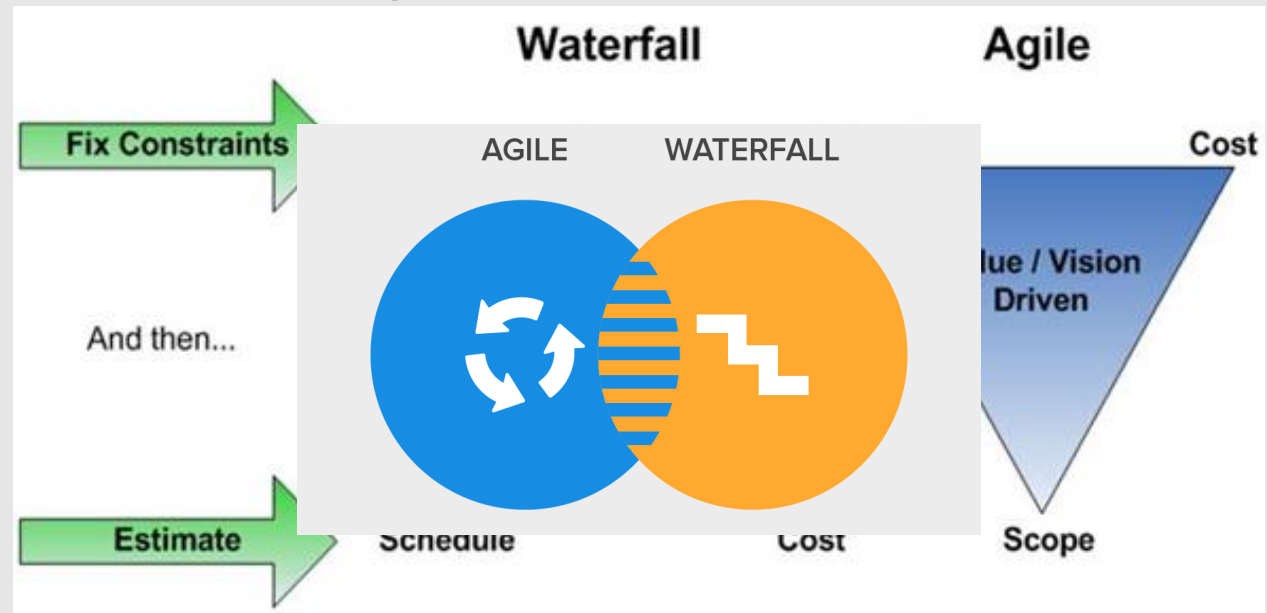

Tools and Methodologies
